### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edward Williams on 8/12/09.

The application has been amended as follows:

On line 6 of claim 1 "computer readable program" was replaced with --computer program embodied on a computer readable medium--.

On line 4 of claim 2, "computer readable program" was replaced with --computer program embodied on a computer readable medium--.

On lines 7-8 of claim 2, "a computer readable program" was replaced with --the computer program--.

Claims 14 and 15 were cancelled.

The change to claims 1 and 2 were made to ensure that the claims recited a statutory process under 35 U.S.C. 101. The change to claims 14 and 15 was made to cancel the withdrawn claims.

### ***Allowable Subject Matter***

Claims 1-4 and 7-13 are allowed. The reasons for allowability of these claims was addressed in the previous Office action filed 9/22/08 and are repeated below.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 7, 9, and 11, the primary reason for allowance is the inclusion of determining central systolic pressure by determining the corresponding pressure at time  $t$  after the wave foot of an upper limb pressure waveform, wherein time  $t$  is the time from pressure wave foot to peak in a central carotid artery, in combination with all of the other limitations of the claims, which is not taught or suggested by the prior art of record.

Regarding claims 2-4, 8, 10, 12, and 13, the primary reason for allowance is the inclusion of determining the central systolic pressure by taking the value of the upper limb pressure waveform at the time of the start of a component of the waveform attributable to the lower body wave reflection, in combination with all of the other limitations of the claims, which is not taught or suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to PATRICIA C. MALLARI whose telephone number is (571)272-4729. The examiner can normally be reached on Monday-Friday 10:00 am-6:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles Marmor, II can be reached on (571) 272-4730. The fax phone

number for the organization where this application or proceeding is assigned is 571-273-8300.
